Modern design and functional ergonomics

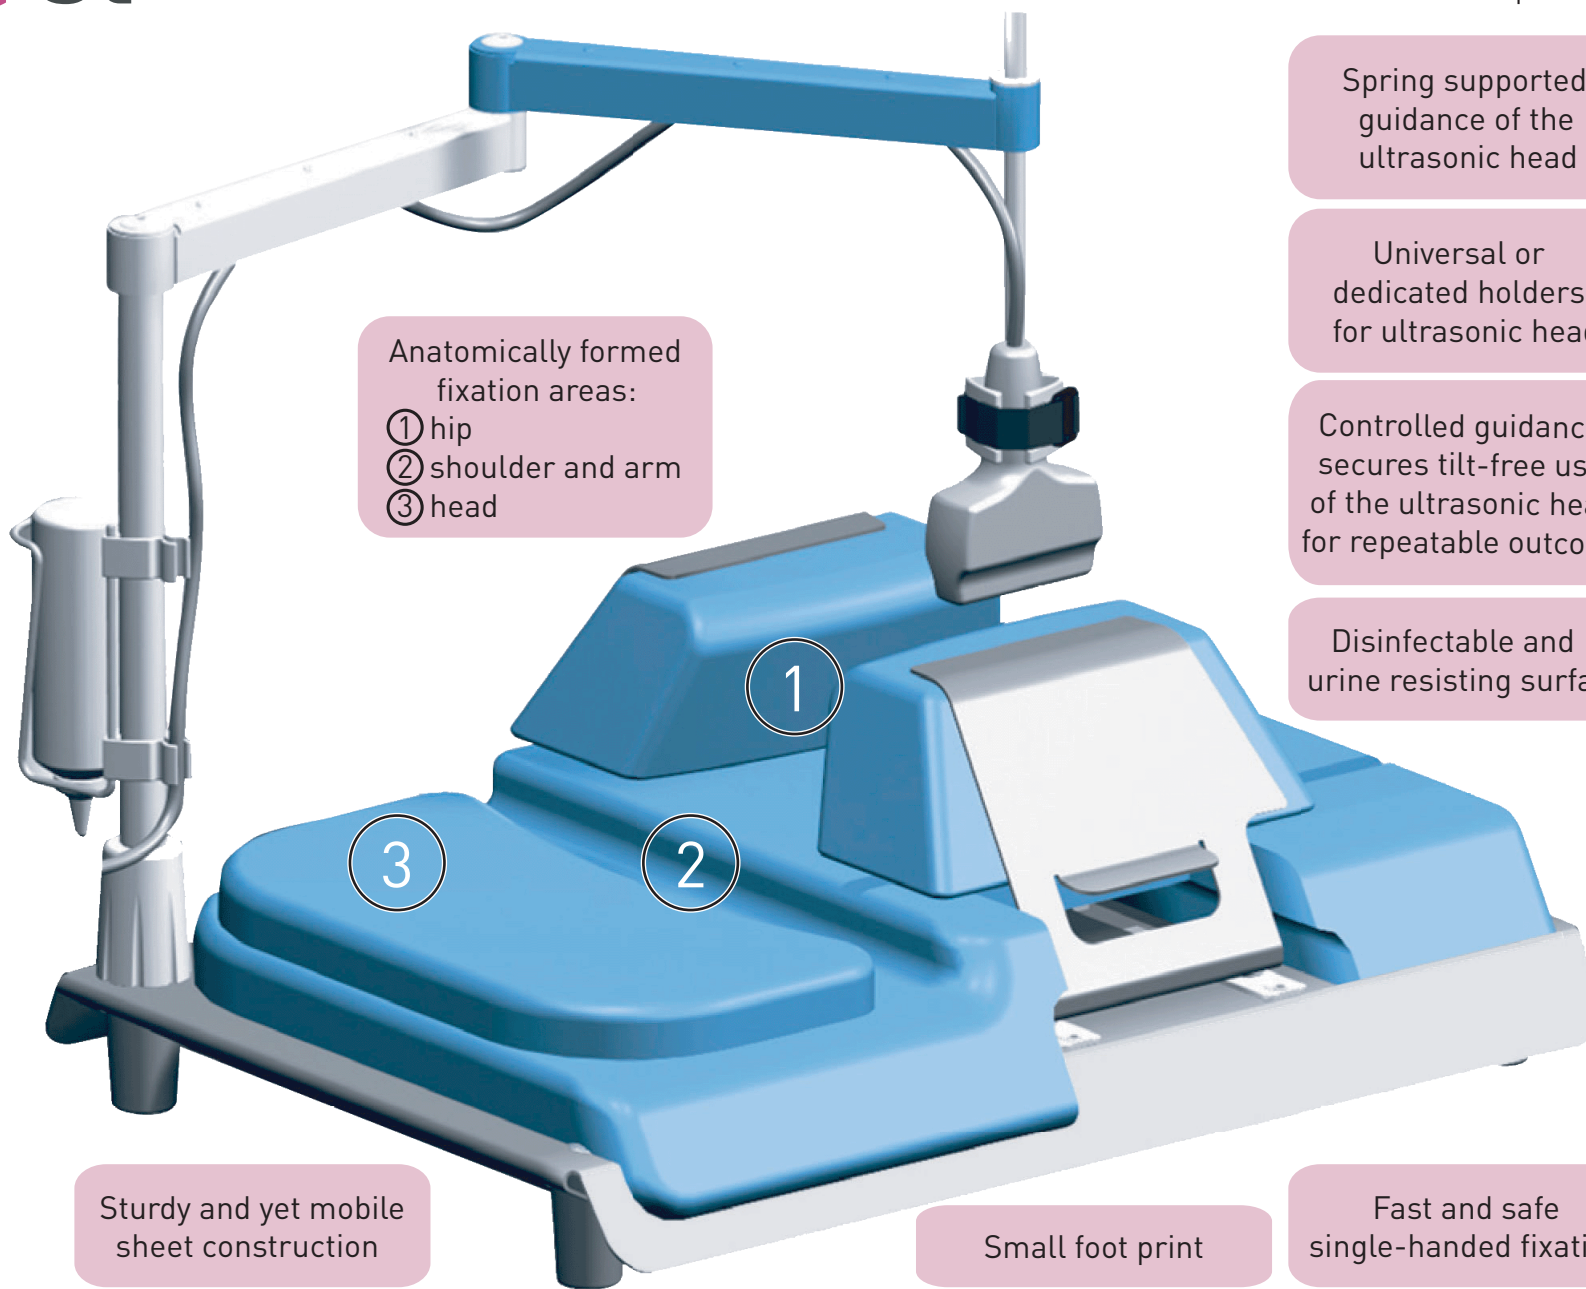

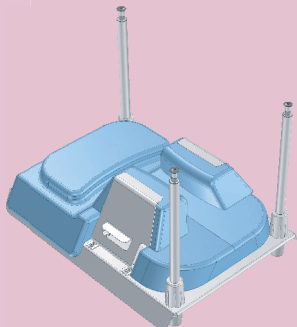

100 % Swiss made

Great travel range gives freedom in all room situations

Clean cable runs

Helpful holder for ultrasonic gel supply

Equally usable for left and right handers due to three different installation options

Anatomically formed fixation areas:
① hip
② shoulder and arm
③ head

Spring supported guidance of the ultrasonic head

Universal or dedicated holders for ultrasonic head

Controlled guidance secures tilt-free use of the ultrasonic head for repeatable outcome

Disinfectable and urine resisting surface

Sturdy and yet mobile sheet construction

Small foot print

Fast and safe single-handed fixation
